Incident in Stirring Career of a Soldier.

Grenville M. Dodge. When a youth proved he could handle a Subduer Gang of rowdy railroad laborers.

By E. J. EDWARDS.

Grenville M. Dodge. When a youth proved he could handle a Subduer Gang of rowdy railroad laborers.

Then the Civil war intervened and the young survivor became a major general of volunteers when only thirty-three years of age. His fighting career over, Peter Dey employed General Dodge to help him survey the Pacific Coast for the extension of the Rock Island railroad across Iowa—the first of the state's railroads—he said for Grenville M. Dodge and associated Mr. Dodge with him in that great work.

General Dodge and I have been on the trail of friendship for nearly thirty years," said George E. Parker, the brother of Grover Cleveland, recently, "and I believe there are only a few living who know the true story of General Dodge's advent in life as a railroad engineer. Of course, General himself is one of the three. Another is Peter A. Dey, the first to survey a railroad in the state of Iowa, and the first chief engineer of the Union Pacific railroad. Both Dey and General Dodge are spending their closing years in the West, and I think the closest friendly relations which they ever enjoyed were those which they enjoyed years ago, the very days during the Civil War when General Dodge's career in the West.

In the early fifties what is now the Central railroad was constructed, a small branch line in the western part of middle Illinois. The engineer in charge was Peter A. Dey, who had conspicuously associated with him a youth who had built a small line, the Chicago & Milwaukee, some years earlier. I know not what other had great difficulty in getting any kind of order or system for the new line, but Dey, as an engineer or in subordinate capacity to build and manage the line, were firmly and defiant; they did what they pleased and got as often as they chose. Mr. Dey, frequently collecting him to push line of the Illinois Central. He was in despair of securing one who could handle the rowdies at the height of the difficulty, he called upon Mr. Dey a young seeking employment. He came straight as a pine tree and stark, and his manner was inherently bold one who knew how to exert authority.

Mr. Dey asked him what he could do. In reply the stranger said he was a civil engineer and had graduated at Norwich university, Vermont, a year earlier. "What is your name?" Mr. Dey asked. "Grenville Mellen Dodge," said Mr. Dey. "If you have come from Norwich, university, you are competent to take charge of surveying of my branch line." But I want to know is, can you do?" "Yes and see," was Mr. Dodge's first reply. "You are pretty young," said Mr. Dey, looking him over critically, "but you are."

He employed Grenville M. Dodge and watched him closely. A week the young man had

"That Good Old Coffee of Long Ago"

If It Wasn't Good Coffee It Wouldn't Have Lived So Long.

It is a simple enough truth that the fanatical leader of the early French Market Coffee Company, in New Orleans, said that he had never heard of any coffee that had been in existence longer than 100 years. And he is right. But the French Market Coffee Company has been in existence for over 100 years.

25% OFF ON ALL CLOTHING = 25

A reduction that means saving money in clothes

My Stock of Clothing was bought expecting 15c. cotton and cold weather. We are having 7 and 8c. cotton, and warm weather. This condition makes it necessary for me to reduce these goods to selling point. Considering that the stock is all new and well selected, I think that 25 per cent reductions in all clothing, overcoats and boys clothing, will move them.

For instance look at these prices.

UNDERWEAR

The price will be reduced some on the winter underwear and a few other things. It is the clothing and overcoats, for men and boys, that I am expecting to sell, rather than carry them over.

PURITAN BIBLE BOXES

Carved Chests for the Safe Keeping of Copies of the Scriptures

Almost invariably after some great outburst of religious enthusiasm we are struck by strange fragments of the relics of the emotional past and religious ardor of a departed age, says the Queen. Such were the national crucifixes of the middle ages, the pyramids of the pyramids, the beautiful Rita Ivory

Among such memorials are the vast Puritan Bible boxes. Curious silent arts, into which the refined voice of James I was once content for safe ward and keeping.

We have realized the worth of time in the long journeys of the men of a Puritan period, when the script was part of the daily account

of life the provinces of these boxes may readily be seen. With the home they were made in con-

cern those ponderous family Bibles in old, especially during the common with the head of the house care.

DE HYDE'S CASE WILL PROBABLY RESULT SUSPENSE

KANSAS CITY, Mo., Dec. 11.—A mistrial of the second hearing of Dr. H. Charles Hyde, charged with killing Colonel Charles H. Swope, appeared probable tonight.

Made desperate by the sight of two of his children from whom he had been separated for 14 years in the coast community of Neodesha, Barry Waldron, one of Dr. Hyde's accusers from the group that planned early today, while a grand jury sat, Waldron peeled open a metal transom, crawled through the opening, climbed to the escape and leaped fifteen feet to freedom. The on-the-city police force and a dozen deputies from the county marshals office have searched in vain for him since his absence was noted, and his absence was noted, and his absence was noted.

If Waldron is not found within two days, the eleven remaining jurors will be discharged, Judge Peter Field said today. Or if the man is found and he cannot prove his innocence and does not accept the offer of the state to take no action, he will be freed.

Mr. Jackson, of the Hollywood Studios, who has been working for 10 hours yesterday, the red and white

witness, today, he told of receiving 100 or more anonymous letters.

Miss Hyde was arrested last evening by federal postoffice inspectors.

EMILY WARNING

TO CALOMEL TEARS

Calomel is a form of mercury, and if it stays in the human system its effect is terrible. Ask your doctor.

Any physician will tell you that mercury, if it remains in the body will poison and rot the bones, and cause doctors and increase of the bones. Calomel is a form of mercury used to keep clean of dangers. It is a safe plan to take no calomel at all, especially as there is a better remedy. Both children and grown persons will find a perfect substitute for calomel in Daburon Liver Tonic, a pleasant tasting tonic that induces the liver to let and which never has any bad after effects. In fact Daburon Liver Tonic will do every thing, the doctor does without any of the drams of calomel. A large bottle costs only fifty cents, and Novisberg store will refund your money if you are not satisfied.

DANDRUFF AND TICKING SOUP USED TO ZEMO TREATMENT

Why should you continue a treatment with salve, greasy lotions and fatty hair dressings trying to rid your scalp of germ life? They can't do it because they can't penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a PROVEN REMEDY? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure DANDRUFF and TICKING SOUP.

This remedy is ZEMO, a cantharidin, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with ZEMO (ANALYTIC SOAP) and one application of ZEMO will entirely rid the scalp of dandruff and scalp. Do not hesitate, but get a bottle of ZEMO today. It acts on a new principle and will do exactly what we claim for it. Bold and endorsed by W. L. Brown, the druggist.
